Destination information

Puerto Plata is one of the top destinations in the Dominican Republic, due to its beautiful white sand beaches, breathtaking mountains and large areas of forests with high ecological value. However, the city of Puerto Plata offers many other attractions for those who love culture, history and sports. Victorian-style buildings, churches ('San Felipe Apóstol', 'Las Américas' Temple), squares and museums (Amber Museum, Jewish Museum, 'La Isabela' Archaeological Museum) will delight adults and children. Besides, its geography allows visitors to practice all kinds of water and adventure sports.

Another highlight of the city is undoubtedly its delicious cuisine. Tropical fruit, fish, cocoa, coffee and rum are among the most popular products. Crafts are also worth mentioning due to the colour and creativity of the products. Puerto Plata has the oldest amber mine, which makes jewellery very important too.

Last but not least, the local festivities, which show the cheerful nature of its people. Latin rhythms and dances have become a distinguishing feature of this country and they can be enjoyed on each one of the festivities.
